

Future Changes to Market Documents

This list contains potential changes to the Operational Code, Market Code and its CSDs.

Changes will be added to this list after they have been approved by the TP.

The changes removed from this list when they have been implemented; or if they are rejected by the Commission.

Please see the Technical Panel minutes for a record of the meetings.

The list was last updated on 02/02/2010

Market Documents	Proposed change	TP meeting(s) where discussed	TP meeting where approved	Approved by the Commission	Comment
Operational Code	OCCP026	2009 December	2009 December		Burst Allowance Process and Request Form
