Dear Amanda

### **Market Code Section 5.4.11 – Gap Site Allocation Process**

I write regarding the allocation of Gap Sites located by Scottish Water.

Under Market Code Section 5.4.11 – Gap Site Allocation Process, all Gap Sites located by Scottish Water will be transferred to Business Stream up to (but not including) the Gap Site Review Date<sup>1</sup>. “*Gap Site Review Date*” is defined under the Market Code as “*1 April 2010 or such other date as may be determined by or under a direction given by the Commission.*”

Given the imminent introduction of the Gap Site Incentive Scheme, the Commission has determined that it would be appropriate to extend the Gap Site Review Date for a further year. This letter is therefore notice of the Commission’s direction that the Gap Site Review Date as defined in the Market Code be extended to 1 April 2011.

Please note that as this is a matter of interest to the entire market, I have copied this letter to Scottish Water and all of the licensed providers.

Should you wish to discuss any of the above, please do not hesitate to contact me.

Yours sincerely

Richard Khaldi  
Senior Analyst
