No: BU095
Title: Termination of Transfer Read Assurance Project
Purpose: For Information
Expiry date: n/a
Attachment: n/a
From: Kevin Milne
Date: 15th August 2013

This Bulletin is to inform Market Participants that the monthly Transfer Read Assurance Project has been terminated. Trading Parties should be fully aware of their Market Code responsibilities and associated timescales. As such, this exercise has been deemed surplus to requirements.

Please review the below additional information should you have any questions regarding this subject –

How it affects Settlement Runs –

In the absence of a transfer read, the volume will be calculated using existing reads held in the Central Systems via the Actual/Estimated Daily Volume formula.

Trading Party Obligations –

As per Market Code Section 5.3.4 (iv) – Each Trading Party shall co-operate with the other Trading Parties in connection with the provision of Transfer Reads under this Section 5.3.4.

CMA Requests –

As per Market Code Section 5.9.3 – The CMA shall be entitled to request that any Trading Party carries out and submits Meter Reads on an ad hoc basis where the CMA reasonable considers this is necessary for the proper implementation of the Market Code and Trading Parties shall comply with any such requests. The CMA and Trading Parties shall also rectify consumption errors in accordance with CSD 0105 (Error Rectification & Retrospective Amendments).

Transfer Read Disputes –

A final decision will be required to take place between the Incoming and Outgoing Licensed Provider. Following this any agreed amendments will require to be submitted by the appropriate party.
