MCCP / OCCP DETAILS

ISSUE OR DEFECT WHICH THIS MCCP / OCCP SEEKS TO ADDRESS

This Commission Change provides additional support to the Wholesale Charge Deferral Scheme arrangements, as currently set out in:

- MCCP248 (Derogations During the Covid-19 Outbreak) which sets out derogations from obligations associated with performance measures and
- MCCP251 – CC (Wholesale Charge Deferral Scheme) which establishes the arrangements for deferring charges.
- MCCP253 – CC Further WCDS Arrangements

The further arrangements set out in this Commission Change involve the inclusion of any deferred sums due by the customer to be classified as outstanding debt enabling an LP to cancel a customer transfer until any sums due have been settled, and clarification drafting on the Term of the WCDS.
